

Dear Singers-

I look forward to seeing WOMEN today at 12:30 pm.

EVERYONE- Please look over the attached antiphonal chorus chart.

As you see we are 96 singers strong, including 40 men! The sky is the limit in terms of our potential as an ensemble. Here is how we can reach that potential:

(1) Every member take personal responsibility for knowing your parts. Work with your CD

(2) Come to Saturday sections as often as you can

(3) Get together in small groups and practice

(4) Make every possible effort not to miss Tuesday rehearsals

Yours-DrW
